## JOHN TUEL HARD AT WORK

One of TRRC's founders, John Tuel, has been hard at work, rain or shine, to make sure the horses are safe happy and healthy! He won't let anything stop him from getting work done.

## HORSE OF THE MONTH

One of the favorites at TRRC needs your help! As we all know, medical care for anyone can get expensive. That's extremely true when it comes to horses. Panchita has been having a rough time struggling with health issues. TRRC will continue to fund the health treatments needed, but it can be hard to care for other things around the farm when a great amount of funds are going toward Panchita's health care.

That's why we're reaching out to you! Please see the information page of this newsletter to find out how to donate, sponsor, or volunteer today so that you can support TRRC through these tough times.

### HOW TO HELP

There are many ways you can show your support to TRRC! Right now, what we need most are volunteers! We have so many wonderful people helping us already, but they can only do so much. Our employees are working so hard and they, as well as the horses, need help!
